Hi Karen,

Would it be possible for your to share with me your current status about the clothianidin field study after meeting with the registrant. Can you send me your Data Evaluation Record (DER) of that study?

The title of the study is: Chris Cutler, 2006. An Investigation of the Potential Long-Term Impact of Clothianidin Seed Treated Canola on Honey Bees, Apis mellifera L. Bayer Study Number: EBTIX064, Study number: 2005-CSD-EBTIX064.

Thank you,

Wayne Hou
